Dear Mr. Ray,

Thank you very much for your letter. Your formidable legal group on the Hule matter may very well protect you from a film theft. But often these producers disregard the text of legal cases and go ahead. I will be glad to supply you the information regarding movie injunctions, but, merely that can absolutely stop a pirate production before it is made--much more accurately than the straight legal approach.

Enclosed is a new book. I would appreciate your reaction. Our next film will be on the King case. Robert Mitcum and several other important stars are interested in playing the character of J.E.R., but [illegible] written yet. Any chance of working with (or on the script is our first desire! I (she) we can get together. Please let me know your thoughts.

Sincerely,

Donald Freed
